Score: 46/60.

RELATIONAL SKILLS

Good relational and empathic skills.

Predisposition to work in a team.

Predisposition to adaptation and learning.

SOFT SKILLS

Since 30 years I play basketball. Around 2 years I'm part of a team that participated to the UISP championship of the Province of Varese. In past I have played for teams affiliated to FIP that have played "Promozione" or "Serie D" championships.

I play electric and acoustic guitar. I have played, from 1999 to 2015, in some bands (A Letter For Sally, Salton City, Poppycox, Mistakes) actives in the provinces of Varese, Milano and Como. With them we always have performed live principally songs composed by us. Despite today A Letter For Sally (last band chronologically) is not an active band, I'm still writing and composing some new song.

In my spare time, I like to draw.
